First published September 11, 2025 Just my opinion as usual based on free internet research anyone could do

Note the date, to begin with. The alleged murder was 9/10/2025, which is the same as a matter of numerology as 9/11, both being ones and nines. Why not ones and eights this time? I don't know. I guess they felt they had overused that.

How am I one of very few saying this was staged? It should be the default assumption of any current event. [Actually, Alex Jones admitted in his broadcast today that many on the ground in Utah said the murder looked staged, even while he was selling the event as real. Kinda weird. It's not really advisable to say the event was staged while you are selling it as real, though it does help me here.]

The Intel agencies took over the media decades ago. All media had been managed from the founding of the country, see my paper on Ben Franklin, but after Watergate the CIA took over all media completely in what has been called Operation Mockingbird. They now manufacture all the news everyday, including multiple major tragedies each week, as part of Operation Chaos. Not a conspiracy theory, they admit it, see Wikipedia, which has a page on it and Operation Cointelpro, which merged in the 1960s. They pretend these operations and projects ended at some point, but of course they didn't, they just expanded and accelerated. Just look around you: do you really believe Operation Chaos ended?

This current event screams fake from every pore. We will start with Kirk's bio, which I guess few people know. He came out of nowhere at age 18 to found Turning Point USA, TPUSA, which I have always called Toilet Paper USA. As such he was just a front for Foster Friess and Bill Montgomery. No one but agents founds big organizations like this at age 18. It takes huge money and promotion, so you should have been suspicious from the start. Billionaires like Friess do not start organizations to help you, they start organizations to help themselves, so always remember that. And good guys do not go to work for billionaires at age 18, with zero qualifications. Once again, if you bought any of this it is because you forgot to ask any questions. You just trusted these completely untrustworthy people. When are you going to stop doing that?

Foster Friess was an Army Intelligence officer, multi-billionaire banker/money manager, and cryptoJew, so our work is already done.

Yeah, he tried to sell himself as a cowboy, though he was from Wisconsin, a Chi Phi fratboy. He admitted he moved to Jackson Hole to avoid income taxes. Charming. He was groomed by the Brittinghams in Delaware to be an investment banker—the opposite of a cowboy—the Brittinghams being billionaires from lumber in Wisconsin. Wikipedia has scrubbed them completely, but Thomas Brittingham was once the richest man in that area. The family later got into banking and other forms of theft, as such people do. Friess was not a Christian crusader, he just used the issue to cloak the fact he was a crusading fascist. One of the most memorable things Friess did is help block the recall of governor Scott Walker. You remember him, right? The guy who obliterated the unions in Wisconsin and trashed the economy for his raiding backers like Friess, then stole the recall election. David Koch was another billionaire creep behind Walker.

You will say Friess was a supporter of Christian causes, so I send you first here, Jewscope, which repeats that mainstream talking point—that Friess was Christian—but then publishes a poll, kind of like the ones you see on sites asking if you think a certain celebrity is gay. The poll is, do you think Foster Friess is Jewish? As you see, over 88% said they thought he was. Why would they think that when every online source says he isn't, and when he gave money to all these Christian causes? Well, maybe because people aren't as stupid and gullible as you are led to believe by reading the mainstream press. Plus, Friess is a Jewish name, so it isn't that difficult. Plus, he was a billionaire banker/money manager, so again, it isn't that difficult. Plus, he was heavily promoted, as a great philanthropist and humanitarian, when he was just the opposite, so it isn't that difficult.

You will ask me, "But he did give money to these causes, as you admit, so why would he do that if he weren't a Christian?" Well, because those causes aren't really Christian, either, they just pose as Christian. We have seen it thousands of times, as these people infiltrate Christian organizations and turn them to crud on purpose. I call it blackwashing. They have even done it to the Vatican, infiltrating it many times with their own agents, even as high as the Pope himself. See the Medici Popes, who were Jewish, or see the current Pope. The Jesuits are also Jewish, and Disraeli and other Jews have admitted it in print. In the US they have mainly infiltrated Protestant denominations, since that is the majority here. They built Protestantism from the ground up back in the time of Luther, to purposely explode Christianity. They infiltrate and create schism on purpose, which is the point of the current event as well. They are trying to start a civil war between red and blue, left and right, to take pressure off themselves. From their standpoint, a civil war is much preferable to a revolution, since in a revolution they would be the targets, while in a civil war they can keep you targeting one another. It's very simple, as you see.

Tapestry says:

Money buys confusion and fear. Once people are confused, afraid and shocked they seem to wallow in it so much they can’t rationalise why they are confused, shocked and afraid. Reputable news channels know it’s a hoax but have no choice but to pretend they don’t realise, or lose 90% of their followers. The effects of the hoax are real enough and they can report those. Alex JOnes hints to his conspiracy audience that he’s not taken in, but stays mainstream. Only Tappers go against the tide. Our sources (other than our instincts and long training!) are weird and might be just another lair of the onion themselves. But we are wedded only to truth and refuse to go with mass fear breakouts. We are for love, peace, hope and faith in the God within us and throughout the universe…unless there are atheists who follow Tap! It would be interesting to know. Truth and faith are easier bedfellows. It’s not an easy journey being in the tiny minority but here we stay, and hope the majority will one day awaken from their turmoil. Thanks again, Pete.
